

*We are one of the youngest universities in Germany and think in terms of unlimited possibilities instead of possible limitations. Located in the heart of the Ruhr metropolis, we have 11 faculties seeking to develop innovative ideas for the future. We are dedicated to research and teaching, live diversity, support potential and are highly committed to educational equality*

UNIVERSITÄT  
DUISBURG  
ESSEN

*Open-Minded*

The University of Duisburg-Essen Medical School is inviting applications for a

# Professorship in High Precision Radiotherapy with Protons

(W2 BBesO grade post)

This professorship is newly established at and associated with the Clinic for Particle Therapy at the West German Proton Therapy Center Essen (WPE) and the University of Duisburg-Essen Medical School to complement the activities of the Director of the Clinic for Particle Therapy. The WPE is one of the leading institutions for proton radiotherapy in Germany and one of the most advanced proton therapy centers in the world. The holder of this position will contribute to research, teaching, and patient care in high precision radiotherapy with protons. Subject to suitability, applicants for this professorship will be considered for the position of a senior physician at the Clinic for Particle Therapy.

The holder of the position will be responsible for conducting high quality clinical-translational research to optimize radiotherapy with protons using modern imaging technologies. Eligible candidates will have the opportunity to build a research group in an appropriate scientific focus. Excellence in clinical radiation oncology and proven ability in developing and conducting clinical trials are expected. Experiences in networking and collaboration with clinical experts and research groups are requested. The research projects of the applicant are supposed to complement existing research programs at the Clinic for Particle Therapy with the aim to improve processes and concepts in radiation oncology. The holder of the position will have access to the clinical service and appropriate technical equipment in agreement with the Director of the Clinic for Particle Therapy. A strong ambition to collaborate with the research community and medical partners of the West German Cancer Center (WTZ), the German Cancer Consortium (DKTK), and the German Research Foundation (DFG-)funded Research Training Group GRK1739 is essential. Adequate scientific, organizational and personal skills are presumed.

Qualifications according to § 36 Hochschulgesetz NRW are required. Publications in peer-reviewed journals and successful experience with competitive third-party funding applications are mandatory. Involvement in teaching activities of the university is mandatory. Concepts on the participation in teaching activities with regard to the profile of the University Medical School should be provided.

Application deadline: **16.11.2017**

(Arrival of the application at the Dean's Office of the Medical School)

The University of Duisburg-Essen aims to increase diversity among its faculty members (see <http://uni-due.de/diversity>) and strives to increase the number of women in such positions; therefore, we especially encourage women with relevant qualifications to apply. Women with the appropriate qualifications will receive preferential consideration. Applications from severely disabled candidates according to § 2 Abs. 3 SGB IX are welcome.

Applications with the usual supporting documents [curriculum vitae, list of scientific publications (see [http://www.uni-due.de/imperia/md/content/medizin/formblatt\\_aufbau\\_schriftenverzeichnis.pdf](http://www.uni-due.de/imperia/md/content/medizin/formblatt_aufbau_schriftenverzeichnis.pdf))] documents on scientific and professional career, certificate copies, information on third-party funding, participation in academic self-administration, past teaching experience and concepts for teaching, and 5 key publications should be submitted by email ([medizin-dekanat@uk-essen.de](mailto:medizin-dekanat@uk-essen.de)) to **Univ.-Prof. Dr. J. Buer, Dekan der Medizinischen Fakultät, Universitätsklinikum Essen, Hufelandstr. 55, 45147 Essen.**

Furthermore we need you to fill in our application form at <https://www.uni-due.de/med/de/organisation/bewerbungsbogen.php>. Further information on the position and its embedding in the University of Duisburg-Essen as well as in the Faculty can be found at <https://www.uni-due.de/med/en/organisation/berufungen.php>.
